

Exploration of Data:

The screenshot shows the IBM Cognos Analytics with Watson interface. The top navigation bar includes the IBM logo, the text "IBM Cognos Analytics with Watson", a "New data module" button, a search bar, and user profile information for "Dinu Ananth (1537Feb9d...)". A blue banner at the top indicates "Maintenance: Scheduled maintenance completed. Click More Info for details and to subscribe to future events".

The main content area is divided into three tabs: "Grid", "Relationships", and "Custom tables". The "Grid" tab is active, displaying a data table with the following columns: "Month", "Customer", "Period", "Product", "Location", and "Sales Rep". The "Customer" column is highlighted with a blue border.

On the left side, there is a "Data module" sidebar with a search bar and a tree view of navigation paths. The tree view shows a hierarchy starting with "Pharma_Mo...ales.csv", followed by "Month", "Customer", and then a list of companies: CBN, Cadbury, LUTH, Mobil, NNPC, Nationa...ospital, Nestle, Shell, Total, and Unilever. Below this, there are sections for "Period", "Product", and "Location".

The data table contains 15 rows of data. The first 10 rows are for the month of March, and the last 5 rows are for the month of January. The "Customer" column lists various companies, and the "Product" column lists different products. The "Location" column lists various locations, and the "Sales Rep" column lists various sales representatives.
